

## Release to the Australian Securities Exchange

### Market Update

**Canberra, 11 October 2010** The Directors wish to provide a market update on business operations of the Company. This update follows on from previous market announcements as released to the market.

#### Change Program

A Change Program has been implemented throughout the Company which is progressing well in all aspects. Specific outcomes from this change program to date have been:

- The management and business restructure has been completed and the Company is on target to achieve the \$1m reductions in recurring expenditure for FY 2010/2011.
- The change process has been accepted and embraced positively by all management and staff to provide an efficient and cohesive approach to business operations, thus enhancing shareholder value.
- A new business system for accounts, inventory management and job quoting is being implemented and will 'go live' on 8 November 2010; and
- The new Company web site as developed will 'go live' in two parts, with the first part being the actual web site which was commissioned on 8 October 2010 and the second part being the integration with the Inventory Control System on 8 November 2010

#### Off-Market Share Transactions

In addition to the recent successful Rights Issue that was taken up by shareholders, a significant number of Company securities have been traded through off market share transactions. 3 million shares have been transferred at a price of \$0.034.
