XTEK supplies the Australian Defence Force with Explosive Ordnance Disposal Equipment

- **XTEK supplies the Australian Defence Force (ADF) with portable Explosive Ordnance Disposal (EOD) radiographic inspection systems.**
- **EOD order valued at A\$1.1 million.**
- **Follows the Company's recent tender win to provide up to A\$100 million in Small Unmanned Aerial Systems for the ADF.**

Canberra, Tuesday 4 July 2017: XTEK Limited (ASX: XTE) is pleased to advise that it has supplied the Australian Defence Force (ADF) with portable Explosive Ordnance Disposal (EOD) radiographic inspection systems for use by the Australian Army.

The order for the procurement of specialist EOD equipment is valued at A\$1.1 million under Standing Offer provisions.

XTEK Managing Director, Mr Philippe Odouard, said: "The supply of this EOD equipment to the ADF demonstrates XTEK's capability to provide the ADF with ongoing support in the provision of specialist equipment and the necessary sustainment services as required by the Commonwealth."

The order follows XTEK's recent tender win to provide up to A\$100 million in Small Unmanned Aerial Systems for the ADF.

About XTEK Limited

XTEK Limited is a leading company in the Australian Homeland Security Market. XTEK's knowledge and expertise is focused on the delivery of protection and sustainment solutions for the government, law enforcement, military and commercial sectors.

The supply and maintenance of Small Unmanned Aerial Systems (SUAS) is becoming a major focus for XTEK.

In addition, XTEK has developed a range of new technologies which it is now commercialising for the international market. XTclave™ composite protection products and XTatlas™ real time contextual video provide novel solutions for western military forces.
